

SJM-740SW

› **Description**

Do you think the volume of sound is small or the sound is too big or the cost is too expensive?

Do you wish to use it either as a hand-grip type or shoulder type, whichever is required?

This model is strongly recommended as it is a multipurpose type of being able to be used either as a hand-grip type or shoulder type.

Being a microphone detachable type, it is advantageous to use for long time.

This model, being a mobile type megaphone with its large output of 35 watt, performs great effect to the use at such places as construction site, very noisy street, police station, fire station, military unit, school event, outdoor convocation, or wide area where many people (200~300 persons) gather.
