KRUSHERS[™]
STRONG FOR US

STRONGER FOR LONGER. KRUSHERS®

True legacies of strength.

Since 2000, your hardworking attitude has inspired us to make the strongest and most robust safety footwear for you.

Whatever keeps you moving, you always want to feel comfortable and protected. No job site, no matter how rugged, comes close to challenging the strength and durability of our safety boots. From the remote mines to the factory floor, no work gear works harder than KRUSHERS®.

With KRUSHERS® boots you've met your match in strength and reliability. So, equip yourself and your team to become true legacies of strength.

KRUSHERS® - STRONG FOR US.

THE KRUSHERS BOOT STRENGTH® TECHNOLOGY

Enhancing Durability and Functionality from the Inside Out

Packed with technologies for extra strength, comfort, and functionality, KRUSHERS® Safety Footwear is built to work as hard as you do.

BENEFITS OF THE KRUSHERS® TPU/PU SOLE

The TPU and unique construction makes KRUSHERS® tougher than boots from leading competitor brands, without sacrificing comfort and lightness.

EXCELLENT LONG-TERM MECHANICAL PROPERTIES:

- ✓ High abrasion resistance
- ✓ High tensile and tear strength
- ✓ Good flexibility
- ✓ Better weather resistance
- ✓ Good chemical and oil resistance
- ✓ Good hydrolysis and microbial resistance

SAFER

- ✓ Better slip resistance
- ✓ Better oil and fuel resistance
- ✓ Recyclable and environmentally friendly TPU as per the EU directive 2011/65/EU

MORE COMFORTABLE

- ✓ Follows the arch contour
- ✓ Better flexibility in movement
- ✓ Better cushioning
- ✓ Lighter option (models with COOLMAX®)

Breathable Full Lining

Optional COOLMAX® liner for ultimate comfort.

Reinforced Heel Support

Padded heel counter provides ankle stability, added comfort and extends the durability of the shoe.

Reinforced Stabilizing Shank

For additional arch support and sole integrity.

TPU or Nitrile Rubber Outsole Option

Standard TPU outsole with superior durability and excellent slip resistance. Rubber outsole optional.

Durable Uppers

Full grain leather, tensile- and tear-resistant. Triple reinforced for comfort. Quadruple reinforced in the heel area for extra durability.

Steel or Composite Toe Cap Options

Impact resistance 200J and compression resistance 15,000N.

Full Length Insock

Full length inner sole offers support and comfort.

Flexible Insole Board

Abrasion resistant, anti-static material with stitch-holding properties and flex perforations.

Lightweight Polyurethane Midsole

Optimum underfoot cushioning and reduced overall weight.

TOUGH TIMES NEVER LAST - BUT TOUGH BOOTS DO!

Designed in Australia and Germany to Withstand the Harshest Conditions

AFFORDABLE PERFORMANCE. KRUSHERS®

Opposites attract: lightness & strength.

KRUSHERS® safety footwear offers a selection of all-rounders for women that provide extreme durability at the most attractive prices.

You can now go a strong step ahead with our ladies safety shoes that were developed with an ergonomic design to support the female foot anatomy. They provide optimum fit and comfort for women's feet with a smaller instep, as well as a shorter ankle and span from ball to heel.

OPTIONS FOR MAXIMUM SAFETY

ANTI-STATIC (A) STATIC DISSIPATIVE (SD)

The optional anti-static properties reduce the accumulation of excess static electricity by conducting body charge to ground while maintaining a sufficiently high level of resistance to protect the wearer from electrical hazard due to live electrical circuits.

PENETRATION RESISTANT (P) PUNCTURE RESISTANT (PR) MIDSOLE

The optional stainless steel or composite midsole will prevent any sharp object from penetrating the boot through the sole. It is fully rust-proof and won't crack or split with flexing of the sole.

OFFICIAL KRUSHERS® DISTRIBUTOR:

6-MONTH MANUFACTURER'S WARRANTY

This product is warranted from material and construction defects if sold in manufacturer's condition for a period of six months from date of purchase. The warranty is only valid if in the opinion of the manufacturer the footwear has been used in appropriate conditions suitable for the particular type of footwear. It shall be void if in the opinion of the manufacturer it has been incorrectly fitted, abused and used in conditions for which it was not suitable. Some of these abusive conditions include and are not limited to exposure of chemicals, cement, lime and excessive water and heat (fit for purpose). Abuse includes cuts, burns & excessive forces (such as kicking) being used in contact with the footwear.

KRUSHERS® SAFETY FOOTWEAR COMPLIES WITH THE FOLLOWING CERTIFICATIONS:
