

ST42 - BizTex Microporous Apron Type PB [6]

Collection: Biztex Micro

Range: BizTex™

Shell Fabric: BizTex Micro 60g

Product information

Ideal for food preparation and lab work, this generously sized apron provides limited splash protection for partial body in accordance with EN13034 and EN1149-5 anti-static protection.

Standards

EN 13034 Type PB [6]
EN 1149 -5

Biztex Micro

Portwest BizTex Micro fabric is a polypropylene substrate with anti-static properties. The outer layer prevents the passage of liquid molecules inwards, yet allows the vapour molecules on the inside to permeate. This technology keeps the wearer fresh and comfortable.

BizTex™

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under PPE Regulation EU 2016/425. Portwest has an extensive range of clothing that complies with Category 3 of this regulation.
